

CR-FB-112 / JS-DC402

Vertical Placing Empty Box & Stainless-Steel Panel

Product	CR-FB-112
Reference	JS-DC402
Ports / Type	Vertical placing, empty box
Panel Material	Stainless Steel
Color	Silver
Panel Size	240 × 210 × 6 mm
Box Size	220 × 190 × 65 mm
Module / Plates	Not included

This manual provides the product specifications, dimensional reference and a 3D installation guide based on the supplied product information and product image.

1. Product Overview

CR-FB-112 / JS-DC402 is a vertical-placement empty box designed for recessed installation. The supplied specification identifies a stainless-steel silver panel and a recessed box. The module/plates are not included and should be selected separately for the required application.

Technical Specifications

Parameter	Specification
Model / Reference	CR-FB-112 / JS-DC402
Type	Vertical placing, empty box
Panel Material	Stainless Steel
Color	Silver
Panel Dimensions	240 × 210 × 6 mm
Box Dimensions	220 × 190 × 65 mm
Module / Plates	Not included

2. 3D Installation SLD & Dimension Reference

The 3D reference below shows the product, panel dimensions, internal box dimensions, table cut-out concept and the basic installation sequence.

Important: Panel: 240 × 210 × 6 mm. Box: 220 × 190 × 65 mm. Verify the actual physical unit and final cut-out before drilling or machining.

3. Installation Procedure

1	Measure and mark the required mounting position on the desk/table surface.
2	Prepare the opening according to the confirmed physical box dimensions.
3	Place the recessed box into the prepared opening and align it correctly.
4	Fit the stainless-steel panel and ensure it is level and properly seated.
5	Install the required compatible modules/plates separately. Modules/plates are not included.
6	Check the complete assembly for stability and secure fitment before use.

4. Handling & Maintenance

- Handle the stainless-steel panel carefully to avoid scratches or deformation.
- Keep the mounting area clean and free from dust, chips and debris.
- Do not force the box into an opening that does not match the actual product.
- Clean the stainless-steel surface using a soft, non-abrasive cloth.
- Inspect installed modules/plates according to their individual manufacturer instructions.

5. Product Notes

The supplied specification states vertical placing, empty box, module not included, stainless-steel panel, silver finish, panel 240 × 210 × 6 mm and box 220 × 190 × 65 mm.
